Achievements

In an environment that is as buoyant as ever, driven by digital transformation (mobility, connected objects, big data and analytics, cybersecurity, cloud, etc.), revenue growth was up 9.5% with constant structures (up 8.6% overall, given the sales of assets during the year).

Totaling €485m, the target revenue was exceeded, despite enormous recruitment pressures.

Net new hires offset the effect of changes in scope (5,028 employees at the year-end).

During the year, net cash and cash equivalents increased by €14.5m, standing at €153.1m at the year-end.

The final annual results will be published on Wednesday, March 7, 2018 after the stock exchange closes.
