Achievements

Organic growth accelerated to 8% in the second quarter.

The most significant gains were seen in data activities, digital projects, ITSM engagements (ServiceNow) and Business Process Management. At the same time, the rollout of agentic AI continues, both through client projects (agentic platforms, agent development, deployment and ongoing operations) and via the optimization of internal processes.

Operating profit (*) for the half-year stood at 8.7% of revenue, a marked improvement over the first half of 2025 (7.8%).

Outlook

For the full year, NEURONES is raising its revenue forecast to over €900 million and confirms an operating profit of approximately 9%.

(*) not audited and after inclusion of 0.5% of expenses related to bonus shares.
